

Ministry of Health: Careful compliance with health measures to avoid deterioration of epidemiological picture

In order to **avoid deterioration** of the epidemiological situation in the country and to **proceed to the next phases of the strategy** for the gradual lifting of restrictions **with caution and safety, the cooperation and vigilance of the whole of society** is needed. In order to prevent the reintroduction of restrictions and to maintain the epidemiological picture at manageable levels, the following measures, in force until 31 March, are recalled:

- The maximum number of people visiting a residence is four (4) persons, irrespective of age.
- Movement is prohibited from 11 o'clock at night until 5 o'clock in the morning of the following day.
- Access to parks, linear parks, beaches, squares and nature trails of the Department of Forests is allowed, with a maximum number of six (6) persons per group, irrespective of age.
- The maximum number of persons at church services and/or other forms of religious worship is 50 people, in compliance with the health guidelines.
- Weddings, christenings and funerals with a maximum number of 10 persons are allowed. The holding of luncheons and/or dinners that are related to weddings and christenings, is prohibited.
- All private institutes and educational centres may operate with a maximum number of five (5) persons attending, including the tutor (4 students + a tutor).
- The operation of outdoor sports facilities for individual training is allowed, provided that the number of athletes does not exceed five (5) persons, including the coach.
- In large football stadiums, the training of athletes is permitted with a maximum number of five persons per group, including the coach. The total number of persons per sports facility cannot exceed 15 persons.
- The operation of indoor sports facilities is allowed, provided that:
 - for facilities up to 80 sq.m. the maximum number is two of persons (2), including the trainer/coach,
 - for facilities exceeding 80 sq.m. and up to 200 sq.m. the maximum number of persons is three (3), including the trainer/coach, and
 - for facilities exceeding 200 sq.m. the maximum number of persons is five (5), including the trainer/coach.
